

SOUTHWEST LOUISIANA COASTAL SUMMIT

OCTOBER 27, 2026

L'Auberge Casino Resort, Lake Charles

Hosted by the Coalition to Restore Coastal Louisiana, the SWLA Coastal Summit will focus on coastal restoration, protection and adaptation specific to the region. This interdisciplinary forum, uniting science, industry and community will exchange timely and relevant information on the dynamic conditions of southwestern Louisiana's communities, environment and economy, and apply that information to existing and future coastal restoration and protection efforts, policies and decision-making.

Join us in supporting this opportunity to bring together 300 scientists, policymakers, industry experts, educators, students and private residents concerned with the future of southwestern Louisiana as they participate in two plenaries and up to 12 concurrent sessions.
